

Push a Button... Sell Your Surplus.

Mazree's Smart Auctions give you the opportunity to easily sell your surplus and retired equipment to the validated, reputable buyers in the entire Mazree network. With Mazree you get the transparency and insight of being able to audit the entire bidding process at any time, while knowing that your organization is getting maximum value for your surplus... and all it takes is a few clicks.

SMART AUCTIONS

Get Maximum Value

Sell retired used equipment and surplus items for maximum value by getting exposure to the entire Mazree buying network. With Mazree Smart Auctions reclaim more value and put the revenue back into your supply chain.

Easily Post and Manage Your Items

The Mazree Smart Auction app guides you through the simple steps of listing your auction items, including taking photos, adding video, and setting your price. Quickly create listings and post your items for sale in minutes.

Audit the Entire Bidding Process

With Mazree you get full transparency of the entire bidding process including seeing who the buyer and seller are and the final closing auction price. Enjoy the confidence of knowing that your auction processes and procedures are being properly administered and that your organization is healthy.

Avoid the Risk of Improper Selling Practices

Avoid the risk of potential "kickback" violations and improper "backroom deals" by requiring that all used equipment and surplus items are sold by auction through Mazree. Sleep easy at night, knowing you are safe with Mazree.
